

Velaa: Island for All Senses

Few places in the world compare to Velaa Private Island. This ultra-exclusive boutique hideaway island is set in the azure seas of the Indian Ocean. The Maldivian retreat takes its name from the sea turtles that inhabit the region. In fact, seen from the air, Velaa's exclusive over-water villas resemble the head of a turtle with the island forming the body. Designed by Czech architect Petr Kolar, the overall concept is contemporary, yet intimate, with Maldivian influences. There are many private islands in the Maldives, but very few of them are actually privately owned by a single person. For Velaa's owner, Jiri Smejck, the islands have become his true passion and the place where he spends most of his time. At Velaa Private Island he has created what he feels is the ideal luxurious private resort; a resort that delivers true privacy for its guests while providing a number of discerning first-class indulgences--from world-class restaurants and wine cellars to a golf academy--all in one place.
